Report of Principal and School Improvement Council

Jackson School focuses on meeting the needs of individual students, which in turn creates group success. We are proud of the fact that we will be moving in to a new school for the upcoming year. In addition, we are just as excited that we met AYP this past year and improved our Absolute and Improvement Rating as well.

We are proud of the fact that all classrooms have smart boards and other Multimedia technology to enhance instruction. Our developmentally-appropriate space for students has provided teachers and students with a facility that endorses hands-on learning. Our ability to offer low teacher/pupil ratios continues to be one of the strengths of our program.

As part of our school planning process, we will continue to review our test scores and make good decisions for groups of students as well as focus on the test scores of individual students. We will also continue to use MAP (Measures of Academic Progress) data to differentiate instruction for all students. The use of this data has enabled us to make instructional changes to meet the needs of the individual learner. As a team, we will continue to work on stretching our high expectations. We have worked on discipline, morale, and meeting the needs of a diverse community. Many variables are included in providing the very best learning environment for all students. As a team we will continue to strive to provide the very best educational setting for all students.

 Linda McCleod, School Improvement Council Chair
